

Emergency University Offers Dynamic, Customized AED/CPR Training That Maximizes Student Learning and Minimizes Cost

Contract Holder

FSS Contract GS-02F-0082N

A Two Year Training Solution vs. A 4 Hour Class

Your Total All Inclusive Training Solution includes:

- **Instructor-led skills practice and validation.**
- **Customized online and on-site AED and CPR training** familiarizes trainees with their specific equipment resulting in competent and confident trainees.
- **Quarterly refresher training** maximizes retention of life-saving skills.
- **2 year Nationally Accredited Certification.**
- **Learning Management System** automatically tracks training and testing, generates compliance reports and emails notification for refresher training.

AED/CPR Training	Hands-on Skills	Two Year Certification	Multi-media Online	Quarterly Refresher	Learning Management System
	YES	YES	YES	YES	YES
Traditional Classroom	YES	YES	NO	NO	NO

99% of all government trainees highly recommend Emergency University's training:

- “The whole experience has been very positive, informative, interactive and educational.”
- “I much preferred this to the traditional classroom training.”
- “I thought the on-line training was absolutely wonderful and very cost effective.”
